The Remuneration Committee operates in accordance with its written Corporate Governance Charter that outlines the Committee's roles, responsibilities and terms of operation.

The members of the Remuneration Committee for the year from 15 November 2022 are:

The Remuneration Committee meets at least twice a year and as required. The number of meetings during the year and the Committee members' attendance record is disclosed in the table of quantitative disclosure.

During the year, the Remuneration Committee did not engage an external consultant to review and provide advice on the variable remuneration structure for material risk takers

Dnister Ukrainian Credit Co-operative's Remuneration Policy was reviewed during the year by the Remuneration Committee and approved by the Board and effective June 2022. There were no significant changes.

The Remuneration Policy applies to all employees of Dnister Ukrainian Credit Co-operative Limited.

The Remuneration Committee has reviewed the risks and remuneration structures and considers the following employees material risk takers and senior managers in accordance with CPS510:

Type of Employee	Number
------------------	--------

Senior Managers	
Managers including functions of operational, finance, risk / compliance and lending.	5
Material Risk Takers	
Persons subject to significant bonus or performance-based remuneration and whose activities, individually or collectively, may affect the financial soundness of the regulated institution.	Nil

The Remuneration Policy is considered an important component to recruit and retain those who have the necessary skills for the effective and prudent operation and are committed to making a long-term career with Dnister Ukrainian Credit Co-operative Ltd. The Remuneration Policy is designed to ensure:

- Alignment of Dnister Ukrainian Credit Co-operative's interest with those of its employees and members
- Dnister Ukrainian Credit Co-operative's long-term financial soundness; and
- Support of an effective risk management framework

As detailed in the Remuneration Policy, the structure of the remuneration arrangements comprises the following:

- Fixed Component
- Variable Component

Fixed Component

Fixed component consists of salary, fees, and FBT charges related to applicable employee benefits including motor vehicles, leave entitlements and employer contributions to superannuation funds.

Compensation levels are reviewed annually by the Remuneration Committee through a process that considers individual and the overall performance of the Dnister Ukrainian Credit Co-operative Limited.

Variable Component

Employees have opportunities to participate in variable pay arrangements. Discretionary variable pay is dependent on the achievement of financial objectives as set by Senior Management, outlined in the Budget and approved by the Board.

The variable component is differentiated by performance. With consideration for the expected value of Awards, the performance related elements of pay make up a small proportion of the total remuneration for mid management, whilst maintaining an appropriate balance between fixed and variable elements. The Chief Executive Officer and Executive Management bonus structure is defined in the Remuneration Policy. Remuneration is structured to provide an opportunity for compensation for higher levels of performance and achievement.

The Remuneration Policy allows for performance pay adjustment as a result of adverse unexpected consequences and payment deferral if outcomes cannot yet be reliably measured.

Risk and Compliance Staff

The performance and remuneration of risk and compliance staff is assessed according to objectives specific to the roles they undertake. These roles are remunerated with a fixed salary which is reviewed and benchmarked against the industry and internally to ensure that it is set at an appropriate level.

Dnister Ukrainian Credit Co-operative has developed a risk management framework which describes the type of risks it is prepared to take in executing its strategic plan. However, Dnister Ukrainian Credit Co-operative Limited does not have a direct link from this risk management framework to the attainment of variable remuneration.
