

International transfers via online banking

Send money overseas more easily.

Member guide

Before you start

Please ensure you have:

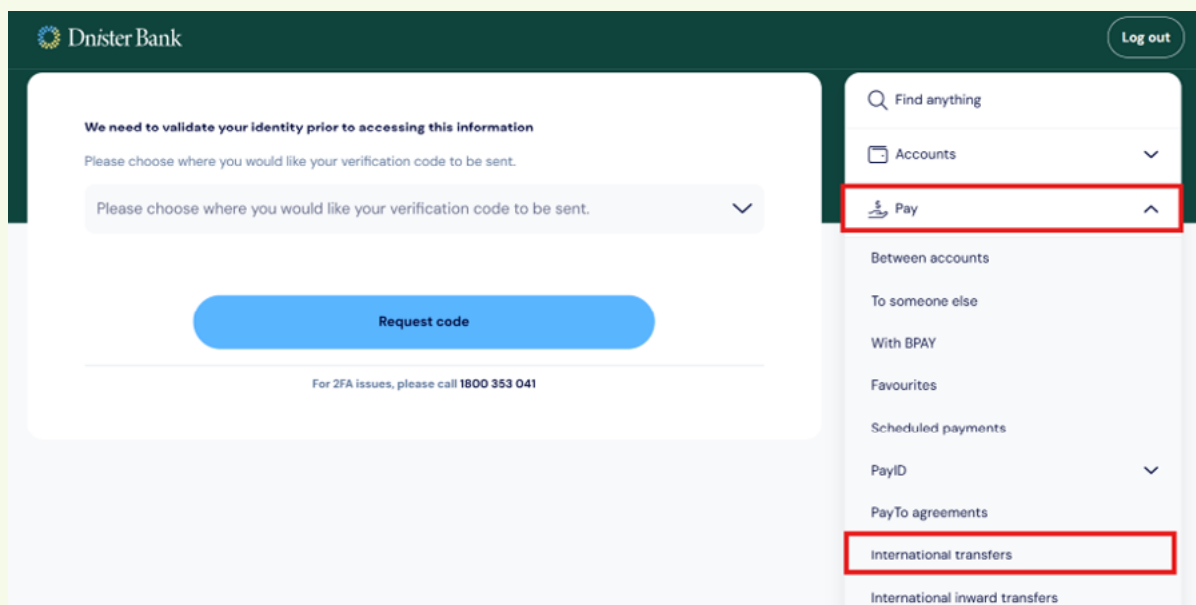

- Your recipient's full name
- Bank account details
- SWIFT code or IBAN
- A description of payment purpose

Create an international transfer

1 **Login** to your Dnister online banking through our website [here](#) or the Dnister App on your phone / tablet.

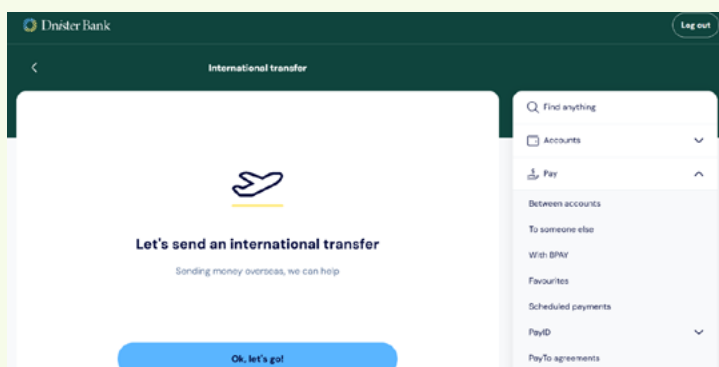

2 Select '**Pay**' on the right hand-side and then '**International transfers**'.

Complete the two-factor **authentication** (2FA) verification when prompted.

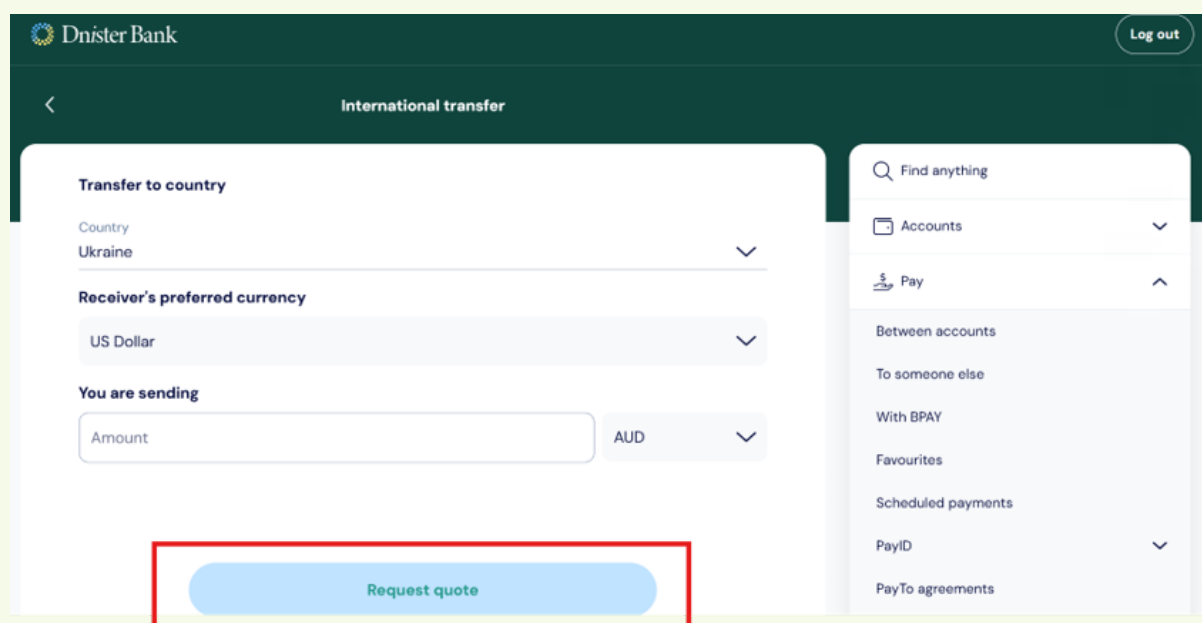

3 Select 'Ok, let's Go'.

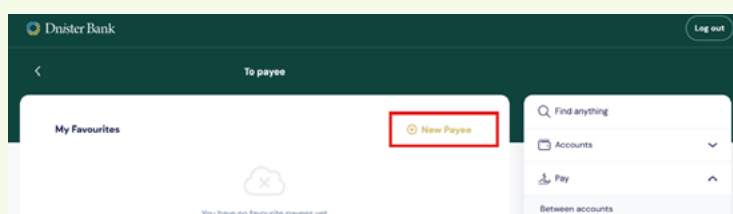

4 Choose the destination country from the list or using the search field.

Select '**Request quote**' to view the current exchange rate and transfer amount, then select '**Continue**'.

5 Select 'New Payee'.

6 Enter the recipient's details.

8 Select the **purpose** of the transfer from the list provided in the scroll down menu.

Some countries may require a written description.

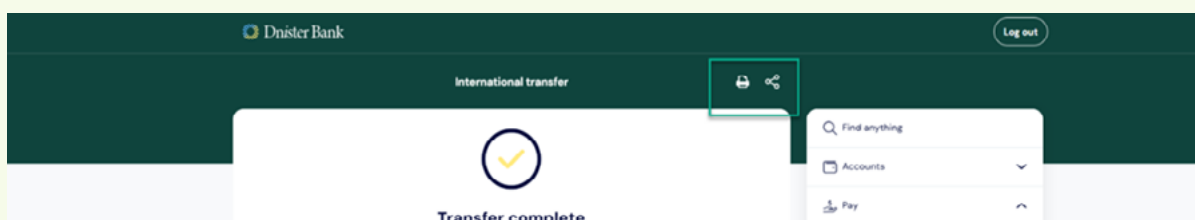

9 Review all transfer details carefully.

If everything is correct, select '**Request new quote**' to confirm the latest exchange rate before proceeding.

10 Complete the transfer.

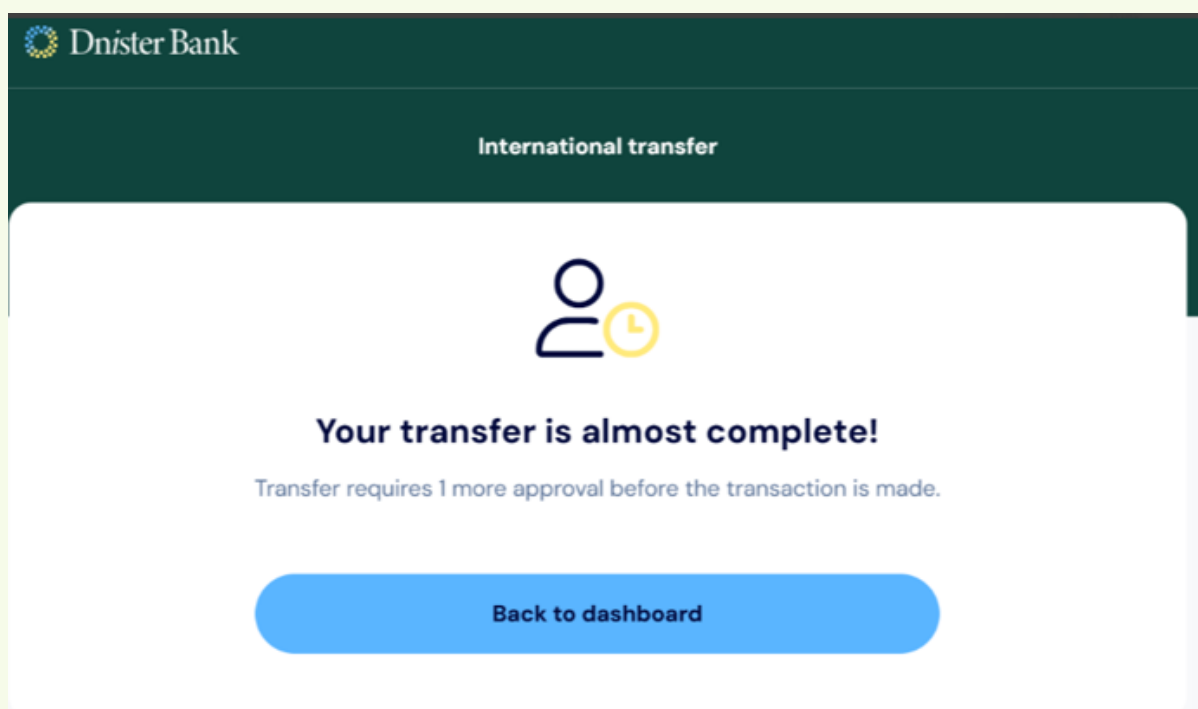

You can save or share your confirmation by selecting '**Print**' and choosing '**Save to PDF or print**'.

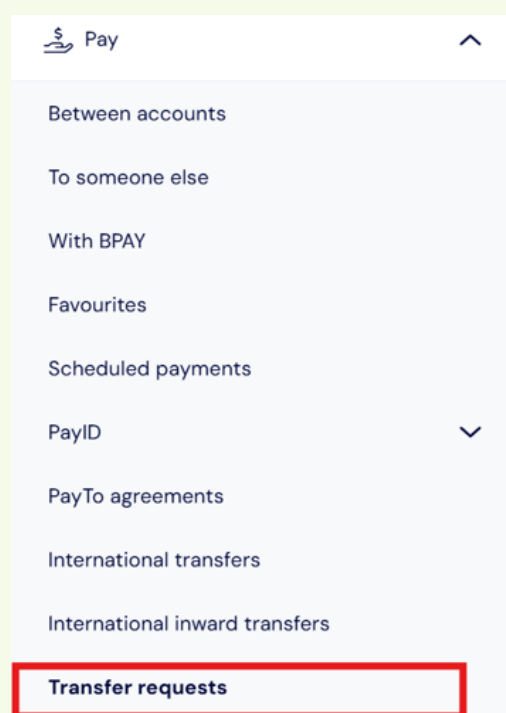

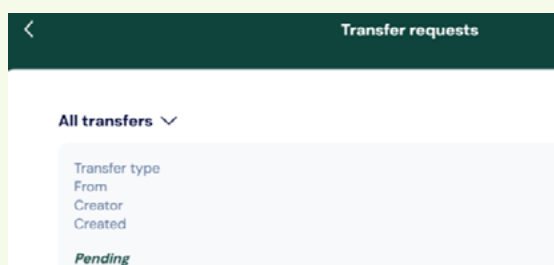

Accounts requiring multiple signatories

- 1 For accounts that require more than one authorised signatory: The first signatory creates the international transfer by following the steps above. Once submitted, the transfer will be saved and sent for approval. The creator will get the below message at completion.

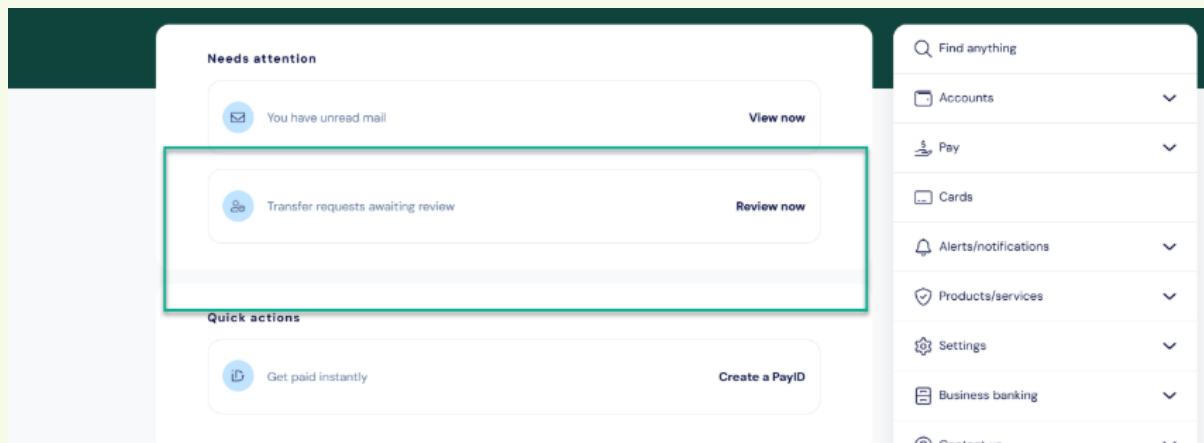

- 2 To view the pending payments select: '**Pay**' and then '**Transfer requests**'.

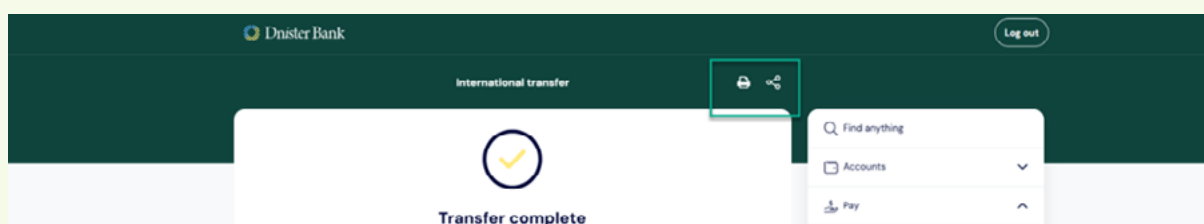

- 3 The additional signatory will need to login to their Dnister online banking portal or the Dnister App to complete the transfer.

A notification stating '**Transfer awaiting approval**' will appear on their dashboard.

- 4 Select '**Review now**', verify the transfer details, and approve the transfer to complete processing.

Important information

Exchange rates may change until a quote is accepted. Additional information may be required for certain countries or payment types.

Please ensure all recipient details are correct before submitting a transfer, as delays or additional fees may apply if information is incorrect.
